SPONSORS

BFA Environmental Consultants, Barnes, Ferland and Associates, Inc.

Barnes, Ferland and Associates, Inc. (aka BFA Environmental) is an environmental/utility engineering, scientific consulting and surveying and mapping firm that specializes in natural resource management, permitting and design solutions. Services include solid and hazardous waste management; hydrogeological analysis; wetland evaluations, environmental and contamination assessment; disaster debris management; water resources management and permitting, water, wastewater and reuse master planning. BFA also provides our clients with comprehensive services related to the utility coordination, survey, subsurface exploration, protection and relocation. BFA is a Minority and or Disadvantaged Business Enterprise with numerous federal, state and local jurisdictions. We are committed to providing reliable, responsive, cost-effective and high-quality environmental services to both our large and small clients. BFA has a presence in Florida, Louisiana, Alabama and North Carolina. BFA was established in 1994 and has principals who are all registered professionals. BFA currently has a professional staff of (30) engineers, hydrogeologists, designers, coastal ecologist, environmental scientists, surveyors, and administrative personnel. We also maintain a pool of over 50 field technicians that are on call to provide field technical support for projects that require more manpower. We offer professional technical and management services in Environmental / Utility Engineering, Groundwater Quality / Contamination Studies, Site Contamination Assessment / Remediation and Redevelopment Support, Groundwater Resource Evaluation and Management, Coastal Ecosystem Restoration and Monitoring, Debris Removal Management, Monitoring and Quality Assurance, Lead Surveying and Mapping, Subsurface Utility Engineering and Workforce Development and Job Training BFA's workforce development and job skills training program is targeted at vulnerable unemployed or underemployed individuals for all the technical areas we provide services in. This training can be provided directly or through the non-profit partner we established, Limitless Vistas, Inc. Our websites are www.bfaenvironmental.com and www.limitlessvistas.org.

CARDNO Cardno is a global provider of integrated professional services which enrich the physical and social environment for the communities in which we live and work. Our team of multidisciplinary specialists has more than 70 years' experience in designing, developing and delivering sustainable projects and community advancement programs.

Our dedicated brownfield practitioners partner with communities to build successful, sustainable brownfield redevelopment programs, working with stakeholders across the full project lifecycle, developing custom strategies to resolve each community's unique challenges from funding, community outreach, assessment and permitting through design and redevelopment. With more than 100 offices in the Americas and more than 130 offices worldwide, Cardno provides clients with access to more than 6,000 professionals with the diverse knowledge that allows us to provide innovative and sustainable solutions that deliver lasting value. www.cardno.com

Rich in history and culture, Cocoa is one of the oldest cities along the Indian River, where a thriving, authentic village atmosphere gives character to the most advantageous location in Brevard County. Cocoa is accessible by State Roads 520, 528, and 524 as well as U.S.1 and serves as the gateway to Cocoa Beach, and other beach-side communities.

We would like to thank the Cities of DeLand, Cocoa and New Smyrna Beach for being sponsors of this year's Environmental Justice Workshop. We appreciate the City of DeLand's sponsorship of the beautiful venue.

The F.R.E.S.H. Book Festival is one of the largest book festivals on the east coast that caters to self-published authors. The festival is in its 9th year and is sponsored in part by the City of Daytona Beach. It features, books, film, poetry, artistry and music. The book festival is held in the City of Daytona Beach each year in January. This year the dates are January 9, 10, 11, with a F.R.E.S.H. Community Film Festival being held at the Peabody Auditorium on January 9, 2020. All other events are held at the Midtown Cultural and Educational Center in Daytona Beach. For additional information please email Freshbookfestivals@gmail.com or contact Donna M. Gray-Banks, Founder/Director of F.R.E.S.H at donnamgraybanks2018@gmail.com.

THE GOLDSTEIN ENVIRONMENTAL LAW FIRM is a boutique practice exclusively limited to environmental legal, consulting, and project management matters in Florida with an emphasis on supporting real estate transactions, land development and redevelopment projects, corporate mergers, acquisitions, and dispositions, defense of government enforcement proceedings, and investigation, acquisition, cleanup, design, permitting, financing, and reuse of Brownfield sites.

DR. SANDRA WHITEHEAD – Thank you for your continued support.

The Sustainable Workplace Alliance is a non-profit education and work placement organization based in lake Wales, Florida. Our focus is on environmental, health and safety training needs of US industries.
